

§ 251.19

36 CFR Ch. II (7-1-10 Edition)

(c) All improvements built or maintained upon the right-of-way shall be kept in an orderly, safe and sanitary condition. Failure to maintain such conditions shall be cause for the termination of the reservation after 30 days' notice in writing to the occupant or user that unsatisfactory conditions exist and that the Department intends to terminate all rights under the reservation unless such conditions are forthwith corrected to the satisfaction of the Regional Forester.

(d) Upon the abandonment of a reserved right-of-way, either by formal release, by termination, or by non-use for a period of one calendar year, all improvements thereon not the property of the United States shall be removed therefrom within three months from the date of the abandonment, otherwise such improvements shall vest in and become the property of the United States.

(e) All reasonable precautions to prevent and suppress forest fires shall be taken by the grantor and all persons acting for or claiming under him; suitable crossings shall be constructed by grantor and/or said persons where the reserved right-of-way intersects existing roads and trails; borrow pits shall not be opened outside of the immediate graded section except under a special use permit from the Forest Supervisor.

(f) Officers of the Forest Service shall have free ingress and egress on and over the reserved rights-of-way for all purposes necessary and incidental to the protection and administration of the national forest.

[3 FR 1953, Aug. 9, 1938]

§ 251.19 Exercise of water rights reserved by the grantor of lands conveyed to the United States.

This section governs the exercise of water and related rights reserved by the grantor of lands conveyed to the United States under the provisions of the act of March 1, 1911 (36 Stat. 961).

(a) All reasonable precautions shall be taken by the grantor and all persons acting for or claiming under him to prevent and suppress forest fires upon or threatening the premises or other adjacent lands of the United States, and any person failing to comply with this requirement shall be responsible

for any damages sustained by the United States by reason thereof.

(b) All slash and debris resulting from the cutting and removal of timber shall be disposed of as directed by the Forest Officer in charge.

(c) Flowage and reservoir areas shall be cleared of timber and debris, in a manner satisfactory to the Forest Supervisor, or in accordance with a special agreement approved by him. Timber cut and destroyed in the exercise of the reserved rights shall be paid for at rates to be prescribed by the Forest Officer in charge, which rates shall be the usual stumpage price charged in the locality.

(d) The water surface created shall be open to the Forest Service and its permittees when such use does not interfere with the original purpose of the development.

(e) The water surface shall be open to fishing by the public in accordance with State laws when such use does not interfere with the original purpose of the development.

(f) Plans for dams and supplemental structures, impounding or controlling more than 10 acre-feet of water or with a head in excess of 6 feet, shall be approved by the Regional Engineer of the Forest Service before construction shall begin.

DESIGNATION OF AREAS

§ 251.23 Experimental areas and research natural areas.

The Chief of the Forest Service shall establish and permanently record a series of areas on National Forest land to be known as experimental forests or experimental ranges, sufficient in number and size to provide adequately for the research necessary to serve as a basis for the management of forest and range land in each forest region. Also, when appropriate, the Chief shall establish a series of research natural areas, sufficient in number and size to illustrate adequately or typify for research or educational purposes, the important forest and range types in each forest region, as well as other plant communities that have special or
